

Thuraya XT – PRO

PRODesigned for professional users, Thuraya XT-PRO is the world's most advanced satellite phone which is ruggedized and equipped with long battery life, ensuring connectivity no matter where you go.

The Thuraya XT-PRO is the first satellite phone with built-in GPS, Beidou and Glonass capability for highest flexibility in all regions. It has the biggest display on any satellite phone and comes with hardened Gorilla® glass for harsh environments. The screen is designed for glare resistance which allows for optimal visibility in bright sunlight and it includes a brightness sensor to automatically adjust the backlight of the display.

No matter where you are within Thuraya's extensive coverage area, or how remote your location, we keep you connected. Thuraya's comprehensive satellite network provides reliable, clear and uninterrupted communications in more than 160 countries across Europe, Africa, Asia and Australia.

With the Thuraya XT-PRO you can make phone calls and send messages in satellite mode and also use a satellite data connection to send and receive emails or browse the web with a connected laptop or PC. For emergencies it has a dedicated SOS button with advanced navigation and tracking features.

The Thuraya XT-PRO enables you to stay connected via satellite mode from anywhere under the coverage area of Thuraya's satellite network, which extends across more than 160 countries in Europe, Africa, Asia and Australia. The phone works either with a Thuraya SIM card or with a GSM SIM card from any of the more than 360 Thuraya roaming partners worldwide.

Technical Specifications

Size (Phone Body)	128 x 53 x 27 mm

Thuraya Coverage Area

The Thuraya XT-PRO enables you to stay connected via satellite mode from anywhere under the coverage area of Thuraya's satellite network, which extends across more than 160 countries in Europe, Africa, Asia and Australia. The phone works either with a Thuraya SIM card or with a GSM SIM card from any of the more than 360 Thuraya roaming partners worldwide.

Thuraya's congestion-free network automatically re-allocates network resource to any single spot beam, allowing the Thuraya XT-PRO users to enjoy uninterrupted connectivity beyond the reach of terrestrial communications and cellular networks.

Wherever your business operations take you, Thuraya XT-PRO provides the advantage of reliable satellite communications even in the most challenging environments and remote locations.
